## Electrical Services LT Side

- LT Panels .

Distribution panels , MCC & PCC Panels , HVAC Panels , Fire fighting panels , Lighting panels .

Bus Bar turnkey systems.

Bus ducts , Rising Mains .

Cable management systems .

# ELV SOLUTION

- **Complete ELV Solutions :**  
For Industrial , Commercial and Residential buildings.  
IP structured cabling , BMS control wire .  
Access control systems .  
AV Systems .  
Security systems .

# TEAM

- **Professional Team**

Our expert technicians go the extra mile to ensure they can properly repair, maintain and install various types of equipment ranging from electrical, cabling and power generation equipment.

- **Projects & Engineering solutions.**

With fully qualified electrical engineers on staff we can provide management and meet client requirement regardless how complex.

All our staff have relevant registrations with Government agencies.

# SERVICES

- **Service Industries**

Industrial and commercial facilities, Healthcare ,  
Data centers , Buildings and facilities , Agricultural  
, Transportation and distribution ,  
Telecommunications , Exhibition halls.

- **Service facilities**

Complete ELV solutions, Power system engineering ,  
Preventive maintenance , Repairs and  
Modifications , Electrical engineering solution.

# OUR MISSION

- Is to be the customers first choice for smart building solutions , Power generation needs , ELV Systems and Turnkey solutions.
- We offer a full spectrum of supply & support from technical manpower , consultancy, sales , rental equipment and installation services .
